Inventory

- | | |
|--|-----------------------------|
| Hydraulic lifting platform | 2 Air Conditioners |
| All navigation equipment including 2 GPS units | Autopilot |
| New hi-fi system | Hydraulic Passerelle (NEW) |
| Trim tabs (NEW) | TV with satellite |
| DVD player | 3 Racor Diesel filters |
| Water heater | 2 fridges |
| Weather station | Full Winter cover |
| Interior and Exterior Teak decking | Microwave |
| Gas and Electric kitchen hobs | Hull anti-Osmosis guarantee |
| LED reverse lights | Searchlight |
| Bow thruster | Radar (needs repair) |

The boat is in perfect working condition, continuously serviced and maintained. The engines have been replaced and power upgraded from 375hp to 435hp. Full anti-Osmosis treatment was carried out some time ago, to which the guarantee is still valid. The boat enjoys very spacious sidewalks and deck space. The cabins have headroom throughout, even in aft cabin. The Opac Mare lifting platform has been installed recently, which is a great asset to the boat.

Price: **€130,000.00** O.N.O.

Part Exchange for a 55 to 60 feet power boat considered, or Property.
